THE ESWATINI INVESTMENT PROMOTION AUTHORITY (EIPA) is a “Category A” public enterprise created through the Eswatini Promotion Act, 1998. Its main function is to promote, coordinate and facilitate Trade and Foreign Direct and Domestic investments in the Kingdom of Eswatini.

THE JOB TITLE

EIPA seeks to recruit **Business Analyst** . .

PURPOSE OF THE JOB

Conducting high-quality research, generating strategic insights, and contributing to the development and implementation of evidence-based policies and initiatives.

KEY RESPONSIBILITIES

- Conduct research and analysis on investment and trade performance, priority sectors, economic developments, and the business environment to support decision-making.
- Undertake economic, statistical, sectoral, and market analyses to identify opportunities and challenges on trade and investment.
- Develop investor intelligence products, investment profiles, sector reports, competitiveness assessments, and economic outlook reports.
- Conduct benchmarking studies and comparative analyses against regional and international best practices.
- Conduct policy analysis to contribute to policy briefs, position papers and regulatory research to assess barriers to investment and trade.

Monitoring, Evaluation and Performance Management

- Support the implementation and continuous improvement of the Authority's Monitoring and Evaluation (M&E) Framework.
- Track, monitor, and evaluate organizational and departmental Key Performance Indicators (KPIs) and strategic targets and support implementation and review of the strategic plan
- Support impact assessments and evaluations of EIPA programmes, projects, and interventions.

Data Management and Analytics

- Manage, analyse, and interpret large datasets from internal and external sources.
- Support the development and maintenance of databases, data repositories, and business intelligence systems.
- Ensure data quality, integrity, and consistency across reporting systems.

Stakeholder Engagement and Knowledge Management

- Support engagement with Government Ministries, regulatory agencies, development partners, investors, businesses, and research institutions.
- Prepare presentations, briefing notes, technical papers, and knowledge products for internal and external stakeholders.
- Contribute to the development and dissemination of research findings and strategic insights.

PROFESSIONAL QUALIFICATIONS AND EXPERIENCE

- Bachelor's degree in economics and statistics or demography, or a closely related quantitative field from a recognized institution. A postgraduate qualification in economics, statistics, monitoring & Evaluation will be an added advantage
- Minimum of five (5) years' relevant experience in economic research, statistical analysis, monitoring and evaluation, policy analysis, strategic planning, or business analytics.
- Demonstrated experience in data collection, management, analysis, interpretation, and reporting.
- Experience in developing performance indicators, results frameworks, monitoring systems, and evaluation tools.

Written applications to be accompanied by curriculum vitae and certified copies of certificates
